## Market situation:

Many areas of the meat industry in Russia are ready to grow and invest. Although the market is designed to be difficult because of political sanctions, import bans and currency fluctuations and lack of reliable predictions – technologies, knowledge and cooperation with the West remain in demand.

Russia is one challenging and exciting export market for both meat producers as well as for manufacturers of capital goods.

## FLEISCHWIRTSCHAFT Russia

Offering relevant specialist information, news and insights of internationally acknowledged experts, **FLEISCHWIRTSCHAFT Russia** is the trade magazine for the Russian meat industry. The specialty journal meets the specific interest of decision makers in slaughtering, dressing, meat processing, as well as retailers and suppliers. The scientific section "Research and Development" serves as conjunction between professional practice and research insights.

**FLEISCHWIRTSCHAFT Russia** reaches market players from the technical and commercial top management of Russian companies and thus serves as an ideal advertising platform for your export projects.

**Language:** Russian
